Global Energy: Today & Tomorrow 22nd Annual Energy Symposium March 2, 2010 at SMU's Hughes Trigg Center

The best and the brightest in the petroleum industry will once again gather at SMU's Hughes Trigg Center for our **22nd Annual Energy Symposium**. Those present will hear about various forces shaping the industry today and how to deal with them tomorrow. On Monday evening, March 1, 2010, join us at the Pre-Symposium Reception scheduled at the Dallas Petroleum Club from 6 to 8 pm.

The Symposium is always educational and enlightening. It affords an attractive marketing opportunity since the Symposium draws a large crowd of professionals hungry for information about new products and services. We recognize our Sponsors greatly contribute to this very successful event and hope you and/or your company will be a Sponsor this year. We anticipate a record attendance of over 400 this year! Seize this chance to link your company's name with this prestigious event!

The Symposium serves another important purpose benefitting future talent in the energy industry. The Texas Energy Council utilizes the event proceeds in awarding scholarships to students pursuing careers in the energy field.

We encourage your participation by becoming an event Sponsor and Attendee. The details on Sponsorship packages and individual the Registration Form are included with this letter. Please complete the appropriate forms and return by email to Carolyn.Sczepanski@AMS-PAR.com, regular mail, or fax at 972-966-0998. If you have any questions, please contact me.

Your company's generous support of this prestigious event will be most welcome, help ensure the event's success, and continue to ensure our **"Global Energy Today & Tomorrow"**

Sincerely,
Carolyn Sczepanski
