

TEXAS ENERGY COUNCIL
SCHOLARSHIP APPLICATION

Please assemble and mail the following materials (note: please use a font size no smaller than 10 for all submittals)

- Application contact information (form supplied)
- Transcripts.
Please include both undergraduate and graduate work. These may initially be copies, but official sets will be required for finalists.
- Applicant information
This should be no more than two type written pages, that explains your field of interest, the level of degree you hope obtain, and the area of the energy industry you plan to work in.
Please include why you chose this field.
- Applicant work history
Please describe your work history and any energy industry experience you may have. Be sure to include dates and the name of your direct supervisor.
- Two recommendations: each should be sealed in a separate envelope and taped across the sealed flap, with the signature of the respondent across the tape. The envelope should have the applicant's name on the front.
One recommendation from a professor, counselor or other College individual who knows you well.
One from a mentor or another person who has worked with you, such as a supervisor, Scout leader, or church contact.
